Safeguarding the Seas: ISPS Compliance Training for Maritime Security

Course code: SC229 From: 11-10-2026 Venue: Cairo - InterContinental Cairo Semiramis Course Fees: 3100 £

Introduction

Welcome to "Safeguarding the Seas," a comprehensive training program dedicated to ensuring compliance with the International Ship and Port Facility Security (ISPS) Code. This course is designed to equip maritime professionals with the knowledge and skills necessary to enhance security measures, reduce vulnerabilities, and contribute to a safer maritime environment.

Course Objectives of ISPS Compliance Training for Maritime Security

Upon completing this program, participants will be able to:

- Understand the ISPS Code: Gain a thorough understanding of the ISPS Code and its relevance to maritime security.
- Enhance Security Awareness: Develop heightened awareness and vigilance to identify and respond to security threats.
- Implement Security Measures: Learn to implement and maintain effective security measures in compliance with ISPS regulations.
- Emergency Preparedness: Acquire skills for handling security incidents and emergencies.
- Foster a Security Culture: Promote a culture of security consciousness and cooperation within maritime organizations.

Course Methodology of ISPS Compliance Training for Maritime Security

This program will employ a combination of engaging learning methods, including:

- Lectures and Expert Insights: Leading industry experts will share their insights and best practices.
- Case Studies: Analyze real-world talent acquisition challenges and solutions.
- Group Discussions: Engage in meaningful discussions and share experiences with peers.
- Role-Playing and Simulations: Practice scenarios to enhance skills.

Organizational Impact of ISPS Compliance Training for Maritime Security

Organizations participating in this course will experience improved security protocols, reduced risks, and enhanced compliance with international maritime security standards. The training will contribute to the creation of a secure and resilient maritime infrastructure, safeguarding assets and ensuring operational continuity.

Personal Impact of ISPS Compliance Training for Maritime Security

Participants will leave the program with an elevated understanding of their role in maritime security, equipped with practical skills to contribute to a secure working environment. The training will enhance their professional capabilities and instill a sense of responsibility towards safeguarding maritime assets and ensuring the safety of their colleagues.

Who Should Attend

This training program is ideal for:

- Ship Security Officers (SSOs)
- Port Facility Security Officers (PFSOs)
- Maritime Security Personnel
- Shipping Company Security Staff
- Government Maritime Security Officials
- Crew Members and Officers
