## The Oxford 5-Day MBA in Finance

Course code: FB47 From: 16-08-2026 Venue: Cairo - InterContinental Cairo Semiramis Course Fees: 3100 £

### Introduction

Today's business professionals must understand the flow of financial resources. Such comprehension is required on a daily basis, whether it is used to forecast trends, evaluate company performance, or obtain funding. Non-financial professionals are frequently asked to make decisions based on modern financial controls, and they must be able to navigate the financial systems that have a significant impact on their professional responsibilities.

This Finance & Budgeting training Course on OXFORD 5-day MBA in Finance is designed to give business professionals a better understanding of corporate finance as it is practiced by today's most powerful companies. This intensive Oxford 5-Day MBA in Finance training Course is designed specifically for non-financial personnel and approaches the subject of finance as it relates to the corporation.

### Course Objectives of Oxford 5-Day MBA in Finance

This training course gives participants the devices needed to find better solutions to questions such as:

- What is the suitable discount rate to be utilized in investment appraisal?
- What are the pros and cons of different kinds of financing?
- What circumstances must be considered in determining dividend policy?
- What is the specific nature and scope of the matter to be dissolved?
- What results are available to control risk?
- Why is correspondence so significant in controlling risk?
- Which particular variables, relationships, and inclinations are likely to support examining an annual record?

### Course Methodology of Oxford 5-Day MBA in Finance

Utilizing an aggregate of lectures, group exercises, and individual activities with useful applications, the participants will increase both theoretical and practical awareness of the issues covered. The emphasis is on the real world and as an outcome, participants will turn to the workplace with both the knowledge and the confidence to apply the techniques received.
