Cash Flow Management and Payment Scheduling

Course code: FB328 From: 25-05-2026 Venue: Geneva - Course Fees: 5250 £

Introduction

Effective cash flow management is critical for sustaining operational performance, meeting financial obligations, and ensuring long-term solvency. This course equips finance professionals with practical tools to forecast, analyze, and manage cash inflows and outflows, with a specific focus on payment scheduling to optimize working capital.

Course Objectives of Cash Flow Management and Payment Scheduling

Upon completing this program, participants will be able to:

- Understand the fundamentals of cash flow and liquidity management.
- Develop and implement cash flow forecasting models.
- Optimize payment schedules to align with cash availability.
- Analyze working capital components and improve cash conversion cycles.
- Apply risk mitigation techniques in cash flow management.

Course Methodology of Cash Flow Management and Payment Scheduling

- Lectures and Expert Insights: Leading industry experts will share their insights and best practices.
- Case Studies: Analyze real-world talent acquisition challenges and solutions.
- Group Discussions: Engage in meaningful discussions and share experiences with peers.
- Role-Playing and Simulations: Practice recruitment scenarios to enhance skills.
- Hands-on Workshops: Gain practical experience in using recruitment tools and techniques.

Organizational Impact of Cash Flow Management and Payment Scheduling

This training program will have a positive impact on organizations by:

- Improved financial decision-making and payment prioritization.
- Reduced risk of cash shortfalls and payment delays.
- Better vendor relationships due to timely payments.
- Enhanced budgeting accuracy and fund utilization.

- Increased operational efficiency through proactive financial planning.

Personal Impact of Cash Flow Management and Payment Scheduling

Participants will experience personal growth and development, including:

- Strengthened analytical and forecasting skills.
- Enhanced ability to manage working capital and liquidity.
- Improved understanding of payment systems and treasury functions.
- Better communication with banks, suppliers, and internal stakeholders.
- Confidence in managing real-world financial pressures.

Who Should Attend

This training program is ideal for:

- Finance Officers and Accountants (esp. Payables and Treasury)
- Budgeting and Planning Specialists
- Accounts Payable and Receivable Staff
- Financial Controllers
- Treasury Analysts
- Business Owners and Financial Managers
