# Mastering Business Strategy: From Vision to Execution

Course code: ML335 From: 20-12-2026 Venue: Cairo - InterContinental Cairo Semiramis Course Fees: 3100 £

## Introduction

This course offers a comprehensive understanding of how to create, communicate, and implement winning business strategies. Participants will explore how to develop a strategic vision, assess internal and external environments, make informed strategic choices, and ensure effective execution to achieve sustainable growth.

## Course Objectives of Mastering Business Strategy

Upon completing this program, participants will be able to:

- Understand key concepts and models in strategic management.
- Formulate and articulate a compelling strategic vision.
- Conduct internal and external business environment analyses.
- Develop actionable strategic plans aligned with organizational goals.
- Translate strategy into execution through tools, KPIs, and leadership.

## Course Methodology of Mastering Business Strategy

- Lectures and Expert Insights: Leading industry experts will share their insights and best practices.
- Case Studies: Analyze real-world talent acquisition challenges and solutions.
- Group Discussions: Engage in meaningful discussions and share experiences with peers.
- Role-Playing and Simulations: Practice recruitment scenarios to enhance skills.
- Hands-on Workshops: Gain practical experience in using recruitment tools and techniques.

## Organizational Impact of Mastering Business Strategy

This training program will have a positive impact on organizations by:

- Stronger alignment between strategy and operational performance.
- More informed and strategic leadership at multiple levels.
- Increased adaptability and competitiveness in changing markets.
- Clear execution pathways that support business goals.

- Improved strategic decision-making and accountability.

## Personal Impact of Mastering Business Strategy

Participants will experience personal growth and development, including:

- Enhanced strategic thinking and planning skills.
- Confidence in contributing to or leading strategy initiatives.
- Broader understanding of business dynamics and cross-functional alignment.
- Improved analytical and problem-solving capabilities.
- Ability to convert ideas into executable plans.

## Who Should Attend

This training program is ideal for:

- Senior and mid-level managers
- Strategy and planning professionals
- Business unit leaders and executives
- Project and program managers
- Entrepreneurs and startup founders
