# Preparation Course for Certified Training and Development Professional

Course code: HR344 From: 21-09-2026 Venue: London - Course Fees: 5000 £

## Introduction

This preparation course is designed for professionals aspiring to become certified Training and Development practitioners. The program provides participants with essential knowledge, skills, and practical tools across the training cycle—from needs analysis and instructional design to delivery, facilitation, and evaluation. It also equips learners with exam-focused strategies and practical case studies to ensure readiness for internationally recognized certifications such as the ATD Certified Professional in Talent Development (CPTD) or similar professional credentials. By the end of this course, participants will be well-prepared to demonstrate their competencies as effective training and development professionals.

## Course Objectives of Preparation Course for Certified Training and Development Professional

Upon completing this program, participants will be able to:

- Understand the key domains and competencies of certified T&D professionals.
- Conduct effective Training Needs Analysis (TNA) aligned with organizational goals.
- Design, deliver, and evaluate impactful training programs.
- Apply adult learning theories and instructional design models in practice.
- Develop strong facilitation, presentation, and communication skills.
- Prepare effectively for professional certification exams.

## Course Methodology of Preparation Course for Certified Training and Development Professional

- Lectures and Expert Insights: Leading industry experts will share their insights and best practices.
- Case Studies: Analyze real-world talent acquisition challenges and solutions.
- Group Discussions: Engage in meaningful discussions and share experiences with peers.
- Role-Playing and Simulations: Practice recruitment scenarios to enhance skills.
- Hands-on Workshops: Gain practical experience in using recruitment tools and techniques.

## Organizational Impact of Preparation Course for Certified Training and Development Professional

This training program will have a positive impact on organizations by:

- Aligns employee training with organizational strategy and performance goals.
- Builds internal training capabilities to reduce reliance on external trainers.
- Enhances the quality, consistency, and impact of learning programs.
- Improves employee engagement, productivity, and talent retention.
- Strengthens the organization's culture of continuous learning and development.

## Personal Impact of Preparation Course for Certified Training and Development Professional

Participants will experience personal growth and development, including:

- Strengthens competencies required for international T&D certifications.
- Builds confidence in managing the full training cycle.
- Enhances credibility and professional reputation in learning & development.
- Provides practical skills in facilitation, communication, and evaluation.
- Expands career opportunities and readiness for senior learning roles.

## Who Should Attend

This training program is ideal for:

- Training and Development professionals preparing for certification.
- HR professionals seeking to specialize in learning and development.
- Corporate trainers and facilitators.
- L&D managers, coordinators, and consultants.
- Anyone involved in organizational learning, instructional design, or performance improvement.
