# Leadership & Strategic Study in the Oil, Gas & Petrochemicals Industry

Course code: ML84 From: 14-06-2026 Venue: Online - Course Fees: 1400 £

## Introduction

This training course has been designed specifically for experienced individuals who want to improve their skills in the often complex and rapidly changing oil, gas, and petrochemical industries.

This course will provide a framework for recognizing and responding to new opportunities. It enables participants to respond to the challenge of linking strategies to successful growth objectives within these three sectors that are mutually integrated.

The global oil, gas, and petrochemical industry is changing dramatically in all dimensions, including supply/demand balance, competition, technologies, organizational structures, and government policies. To become the top players of tomorrow, all business leaders must be able to deal with all dimensions of development and successfully navigate the evolving risk view.

## This training course will highlight:

- The changing dynamics of the oil, gas, and petrochemical industry
- Best practice in analyzing requirements for sustained success
- The latest thinking in theory and practice of leadership
- Driving and leading strategic change in this business
- Guidelines on the practical application of the course

## Course Objectives of Leadership & Strategic Study

### By the end of this training course, participants will be able to:

- Appreciate and understand each of the 3 dimensions of the training seminar: (i) oil, gas, and petrochemical trends, (ii) leadership, (iii) strategic thinking
- Develop action plans that link strategy to achieving and sustaining profitable growth
- Evaluate, select and apply key strategic planning frameworks
- Improve leadership skills to create a systematic approach to business analysis and strategy execution
- Identify priorities for continued personal and team development

## Course Methodology of Leadership & Strategic Study

This training course will be highly participatory, and the course leader will present, guide, and facilitate learning, using a range of methods including formal presentation, discussions, sector-specific case studies, and exercises.

Above all, the course leader will make extensive use of real-life case examples in which he has been personally involved.

## Organizational Impact of Leadership & Strategic Study

In sending the participants to this course, the organization will gain the following benefits:

- Improved leadership performance at all management levels
- The greater commitment of teams and individuals to achieving goals
- More rapid reaction to changes in the business environment
- Closer alignment of strategic and operational activities
- More cohesive teamwork across different organizational functions
- An improved planning approach that will sustain profitable growth

## Personal Impact of Leadership & Strategic Study

In attending this course, the participants will gain the following benefits:

- Familiarization with state-of-the-art leadership thinking
- Practical ideas for developing and aligning your teams
- Making a more effective contribution to strategic and operational planning
- Up-to-date understanding of leading trends in this business
- Greater confidence in dealing with strategic and operational risk
- Improved ability in identifying and managing change

## Target Audience of Leadership & Strategic study

This course will benefit professionals from any specialization in their team who wish to develop their leadership skills and/or are required in achieving and maximizing profitable growth.

This course is a suitably wide range of professionals but will significantly benefit:

- Strategic and Operational Planning Specialists
- Financial Managers and Financial Analysts
- Business Development Specialists
- Sales and Marketing Staff

- Logistics and Supply Chain Specialists
- Human Resource Specialists

## Course Outlines of Leadership & Strategic Study
